Some Thoughts About Mortality

Physical exams are a bit trying especially when the doctor says "I have some concerns" and he orders "additional tests." Even though he says, "It's probably nothing," it is still a bit disconcerting. Thoughts run in our heads: "Am I sick?" "Will I have to go through surgery?" "What will it cost?" "What if I don't make it?"

But in all situations, it is comforting to know that our Lord is with us. "I am with you always" (Matthew 28:20) is His

promise to you. So whether it is concerns about how we're going to make the next house payment or what to do about the one who keeps harassing you at work or how I'm going to accomplish my life's goals. . . Or even if the MRI shows something, remember, our Lord is with us.

He cares for you! He promised!!!

His Life Hid in Your Heart

Week 9: Jesus in the Prophets

John Moore

I find it very interesting that we are focused on the life of Jesus in this devotional book, but we haven't spent any real significant time reading about the 3 years he actually lived! The outline of this year's study book has reminded me just how important the work of Jesus was BEFORE he was born in the manger, and how critical it is to find his fingerprints on all the pages of the Old Testament in order to better understand his work in the New.

We've got two more weeks of consideration in the Hebrew Bible, before we really start to look at the immeasurable impact he made in the few short years Jesus lived. This week's emphasis on the work of the prophets will be extremely eye-opening as we continue to move through history. God was preparing the hearts and minds of his people to recognize the Messiah for hundreds of years!

Spend a few minutes each day with these great lessons, and you'll be blessed. Do it every day, and it will change your life!

With Love, Adam

So you may have life...
