SUNDAY BULLETIN | PETERSVILLE CHURCH OF CHRIST | DECEMBER 5TH, 2021 – YEAR 41

Week 49: The Second Coming of Jesus
By Dick Stanzyo

It's hard to believe we're in our final month of 2021, but here we are beginning the wind-down for the year and in our devotional reading. It won't be too long before we hand out the devotional books for next year, and I'm very excited about that study!

For this week, the focus is on an area in the life of Jesus we have yet to experience or know about, because it hasn't happened yet. There will come a time when Jesus reappears to usher in the end of all things. That 'second coming' of Jesus will not be like the first time he came, when very few people recognized its significance. The Bible tells us everyone will immediately be aware of the change that occurs when Jesus returns, and judgment begins.

the pages of scripture for us? We can't know enough about it to predict its coming, because Jesus confessed that only the Father knew that information. But we can know enough so that WE can be personally ready for it no matter when He comes! And we can get some glimpses into how it will all take place through the inspired words given to us for that purpose. Dick Stanzyo will take us through some of those ideas in our reading this week, and give us some hope to look forward to that great event!

Are you looking forward to that day? Do you know enough to be ready when it comes? Let's dig into it this week through our short devotional thoughts and be encouraged by what we read! Think about that today and be blessed. Think on it everyday and change your life!

With Love, Adam

But what else do we know about that monumental event? How else is it described in
